“Intra-organization Communication is the Life-Blood of our organization.”

AASBCR[®] has continued a great relationship with AT&T as it continues working to preserve the retirement benefits retirees earned while employed at AT&T and its companies. Those earned retirement benefits include pensions, health care, vision care, dental care, service concessions, and the right to know and understand the coverage and limits of each.

AASBCR[®] members realize how important it is to belong to an active and growing retirement organization committed to preserving earned retirement benefits. AASBCR[®] and AT&T have established special communication channels to promote inter-working of the two organizations – a healthy AT&T is good for retirees and AASBCR[®] actively supports AT&T's ongoing efforts to strengthen the organization's health. At the same time, AT&T is a very large organization and sometimes a single lone retiree's needs can get lost among the many involved HR organizations. That is when the AASBCR[®] voice is so valuable to the retiree.

There are over 300,000 (three hundred thousand) retirees who call AT&T their former company. All AASBCR[®] members need to help make this exceptional assistance available to more AT&T retirees. The best way to make that happen is with one-on-one contact. Each member needs to contact retiree friends, neighbors, previous co-workers. There are several ways to implement this. Go to www.aasbcr.org and print copies of the AASBCR[®] membership application and give them to those retirees you know.

AASBCR[®] has just started its social networking site. Look us up on [Facebook](#) and encourage all your friends to check us out.

Ask AASBCR[®] to send a speaker to talk to your group of retiree friends. Just leave a message at the AASBCR[®] virtual office number, (312) 962-2770 and someone will return your call.
