

A Letter from the Board

October 28, 2011

To all AASBCR® members:

Several months ago, the AASBCR® Board requested volunteers to fill upcoming vacancy and bolster those of us staying but over whelmed with work. Now, we need to be more specific. In June 2012, after over five years of dedicated service, Joe Zubay, Vice President of Communications, will be leaving his position to pursue other interests. In such a large and vibrant group as AASBCR®, we certainly have some retirees with communications skills. We need YOU. AASBCR® needs someone to step up to this position or the necessary tasks may not be completed on time. If we are unable to fill Joe's position, the Newsletter that all members enjoy may no longer be published quarterly. News Registers, Blue Bulletins, and Legislative Ledgers as well as other helpful publications may be published less frequently.

AASBCR® must continue the important task of supporting the AT&T, Ameritech and SBC Retirees but cannot continue to do so without the support and additional assistance our members. The lifeblood of the organization needs to continue and the small group of volunteers is currently doing double duty.

Please consider stepping up if communications is something you enjoy and donating what time you can to assist your retiree group in supporting you. Or if you aren't a communications guru, you may have other skills that would help the organization. Please call the virtual office number at (312) 962-2770 or email at info@asbcr.org if you can step up. Someone will get back to you.
